F. H. Ballantine, Esq.,  
2 West 47th Street,  
New York.

Dear Mr. Ballantine:

I have to thank you for your kindness in co-operating in making the entertainment about which I wrote to you a success.

I hope to be able to go to New York to the meeting of the Club this winter. How would the next week of February suit you, preferably the Tuesday or Wednesday, the 2nd or 3rd of February? As far as I can see my engagements would allow me to go that week, but not the week following nor the week preceding.

As I leave for the West on the 18th I should like to hear from you if possible before that. With kind regards,

T. H.

Yours sincerely,

President.

Dr. Robert Falconer,  
President University of Toronto,  
Toronto, Ont.

Dear Dr. Falconer:--

Your letter of the 7th inst. advising that you could come to New York on either February 2nd or 3rd was duly received, and our members are much pleased to know that you can be with us. After consultation, Wednesday February 3rd has been decided upon as the most suitable date. We will, therefore, count on you for that date and thank you for your kindness in agreeing to make the trip to New York.

I trust that your trip West may be an enjoyable one.

Yours very sincerely,

*H. H. Steele*  
Secretary.

R. F. Ballantyne, Esq.,  
2 West 47th Street,  
New York.

Dear Mr. Ballantyne:

I have your letter stating that Wednesday, February 3rd, will suit the New York Alumni for their dinner, and accordingly I am cutting down that date as a fixture for my visit to New York.

With kind regards,

T. A. M.

Yours sincerely,

President.

H. E. Ballantyne, Esq.,  
145 Echo Drive, Ottawa, Ont.

Dear Mr. Ballantyne:

It will be very pleasant to have a representative of one of the New York Universities present at our Alumni Dinner on the 3rd of February. I do not know that I should venture to suggest any one in preference to any one else. I should think that in choosing a guest it would be well for you to consider whom the Alumni in New York would be most desirous of hearing. Probably there may be some man prominent in educational circles either from Columbia, the College of New York or the University of New York who is an outstanding figure in the city and who would draw. My acquaintance with these gentlemen is mainly in an official way.

I suppose you are enjoying a holiday at home; with kind regards, I am,

Yours sincerely,

President.

New York.

Dear Mr. Ballantyne:

I am leaving to-morrow afternoon for Boston, and expect to arrive in New York on Wednesday morning in time for the dinner. Probably I shall stay at the Manhattan Hotel, if there is room there.

With kind regards, I am,  
Yours sincerely,

President.

Dear Mr. Ballantyne:

I am very much interested in the letter that I have just received from you with regard to the appointment to the Deanship of Applied Science. The appointment is a matter that is constantly in my mind, and I am endeavouring to gather all the information from every quarter, consequently I am very glad to have your letter on the subject. Naturally I have often thought of Professor G. H. C. Wright, as several others beside yourself have written to me about him, and even before you had written I could not but help thinking of him. Before any appointment is made, however, I must be absolutely sure that as far as I can see we may do the very best possible for the Faculty of Applied Science. Mr. Caloraito was a very able and remarkable man, and the longer we are without him the more we feel how large a gap was. It will be necessary therefore if possible to secure a man who will not only unite the Faculty and carry them with him, but will also carry the engineering profession of the Dominion and place the Faculty of Applied Science in a position as ready to do the largest possible work for the country when the revival of business comes at the close of the present war.

I look back with great pleasure to my visit to New York,

all too short. I always enjoy it and appreciate very much the kindness the graduates of the University have always shown me, yourself not the least among the number.

With kind regards, I am,

Yours sincerely,

President.
